***Drawings***

3. The drawings submitted on 3/23/2006 are in compliance with 37 CFR § 1.81 and 37 CFR § 1.83 and have been accepted by the examiner.

***Allowable Subject Matter***

4. The following is a statement of reasons for the indication of allowable subject matter:

Regarding claims 1, 9 and 14:

The primary reason for the allowance of claim 29 is the inclusion of the method steps of: a probe with at least a first and a second optical fiber, the first optical fiber having a first diameter and being arranged to deliver the radiation on a sample and to collect first backscattered radiation from the sample, the second optical fiber having a second diameter and being arranged to collect second backscattered radiation, wherein the second optical fiber is positioned alongside the first optical fiber; wherein at least one of said fibers both delivers light from the light source and measures scattered light from the sample. It is this/these features found in the claim(s), as they are claimed in the

combination that has not been found, taught or suggested by the prior art of record, which makes this/these claim(s) allowable over the prior art.

The primary reason for the allowance of claim 37 is the inclusion of the method steps of: collecting first backscattered radiation through the first optical fiber and second backscattered radiation through the second optical fiber; wherein at least one of said fibers both delivers light from the light source and measures scattered light from the sample. It is this/these features found in the claim(s), as they are claimed in the combination that has not been found, taught or suggested by the prior art of record, which makes this/these claim(s) allowable over the prior art.

Claims 35-36 and 40 are allowed due to their dependency on claim 29

Claims 26-27, 34, 38, and 42-48 are allowed due to their dependency on claim 37.
